

**“SHOWTIME: Underground Arts”**  
**OPEN CALL FOR SUBMISSIONS**  
**BUSKNY ART SHOW at Armature Art Space**

BuskNY and Armature Art Space invite you to submit work for “SHOWTIME,” an exhibition of art made in and about the subway and public transit.

BuskNY is an arts advocacy organization that was created in 2013. Our mission is to generate broad awareness of the legality of artistic performance in the New York City subway, in order to end wrongful ejection, ticketing, and arrest of subway performers. While our primary focus is on musicians and performing artists, we also promote the creation, promotion, and sale of art by independent artists in the subway.

Through SHOWTIME, we will support visual artists whose work deals with or is made or sold in public transit and public space, with a particular focus on art made in the subway system itself. SHOWTIME will refocus the subway art dialogue on work made by independent artists, and publicly reemphasize that all New Yorkers can participate in the creative process.

Our partner, Armature Art Space, is a Bushwick gallery that showcases local artists using traditional media. Armature, which describes itself as “the support (or "armature") on which artists can express themselves and around which artists may build community,” has graciously offered its gallery space free of charge.

The opening reception for SHOWTIME will feature refreshments and live performances by visual artists and prominent subway musicians.

Show dates:	October 3-12
Opening:	Friday, October 3 7-11 PM
Submission deadline:	September 19
Work dropoff times:	Minimum 3 days before opening
Work pickup times:	Sunday, October 12 1-5 PM
