

Who We Are

The volunteers and organizers of BuskNY are subway performers and artists. We are a community organization, founded in 2013. Our services, including referrals to supportive lawyers, are free to the busking community.

What We Do

We give advice, support, and referrals to performers who have been ticketed or arrested.

We remind the public and media that subway performance is a powerful positive force in NYC.

We build busker community online and at events/festivals.

In 2013, our first wrongful arrest case settled for \$30,000. We're still working to ensure all subway performers are safe and celebrated.
